ABOUT ME

Aspiring Web Developer with strong Python foundations and hands-on experience in full-stack development. Built 16 full-stack applications using React, Node.js, Express, MongoDB, and basic Web3 tools. Passionate about creating scalable, efficient, and user-friendly web solutions while continuously learning emerging technologies.

EDUCATION

2022 – 2026

A. P. J. Abdul Kalam
Technological
University

B.Tech in Computer Science and Engineering

Vimal Jyothi Engineering College, Chemperi, Kannur
CGPA: 8.02

2020 – 2022

Government HSS,
Sreekandapuram

Higher Secondary Education

Science Stream
Percentage: 93.17%

2019 – 2020

Government HSS,
Sreekandapuram

Class 10 (SSLC)

Percentage: 95%

PROJECTS

Python, Flask,
MySQL

Enigma Password Manager

Developed a secure full-stack web application to manage encrypted passwords with full CRUD functionality. Implemented secure authentication, emphasized data protection, and optimized the UI for a smooth user experience.

Python, Flask,
Machine Learning

Revealio – Smart Ingredient Scanner & Health Risk Detector

Built a machine learning-powered web app that analyzes food product labels, identifies unsafe ingredients, and recommends personalized alternatives for users with dietary restrictions.

JavaScript, HTML,
CSS

OptiCheck – Web-Based Vision Testing and Analysis Tool

Created a vision testing tool with simulations for color blindness, astigmatism, and near/far vision. Enabled interactive result visualization and responsive UI using dynamic DOM manipulation, validated through testing with 10+ users.

Python, Flask,
APIs

MemeCrafter – AI-powered Meme Generator

Developed an AI-powered meme generator using trending templates and witty captions. Automated text processing and template selection for fast, engaging meme creation.

SKILLS

Programming Languages: Python, Java, C, C++, JavaScript, PHP

Web Development: HTML5, CSS3, JavaScript, React, Node.js, Express, MongoDB

Tools & Technologies: Git, REST APIs, Web3 basics, Database management

Other Skills: Object-Oriented Programming, API Integration, SQL

CERTIFICATIONS

April 2025	The Complete Full-Stack Web Development Bootcamp
Udemy	Created 16 full-stack apps; worked with React, Node.js, Express, MongoDB, and basic Web3 tools.
August 2024	Intermediate to Advanced Python with 10 OOP Projects
Udemy	Applied advanced Python concepts through OOP, API integration, and database usage.
April 2024	The Complete Python Bootcamp: From Zero to Hero in Python
Udemy	Built strong Python foundations and developed multiple mini-projects.

LEADERSHIP EXPERIENCE

- Team Leader – Kannur Disease Outbreak Predictor – AI-based disease forecasting system (Main Project, 2025)
- Team Leader – Revealio – Smart ingredient scanner for safer food choices (Mini Project, 2024 - 2025)

EXTRACURRICULAR ACTIVITIES

- Volunteer – College Tech Fest (Tantra, 2024,2025)

LANGUAGES

- English - Fluent
- Hindi - proficient
- Malayalam - Native
- Tamil - conversational

INTERESTS

- Fiction writing
- Calisthenics
- Personal productivity
- Tech side-projects

DECLARATION

I hereby declare that the information provided above is true to the best of my knowledge and belief.
